Third Floor Levis Faculty Center Setups and Capacities

Levis Faculty Center 3rd Floor

- Access to rooms 304 and 307 is through room 300; this will preclude separate reservations from being made on the same date; however, separate rooms may be used for the same event simultaneously (e.g. for break-out sessions).
- Table availability is subject to change depending on floor layout desired; if your event is being catered, please keep in mind that tables are limited (12 tables total are available for the entire floor).
Third Floor Levis Faculty Center Setups and Capacities

300: Lecture Hall

- Large open space with a robust sound system suitable for lectures and large meetings.
- This room has a digital projector (Epson G6770 WUXGA 6000 lumen) operated by a touchscreen panel and a 7 x 11½ foot motorized screen connected through podium via HDMI, VGA connections.
- Microphones: 1 stationary podium gooseneck and two additional audio channels that can be used with 2 lavalier microphones or 2 tabletop/handheld baton microphones (or 1 of each).
- Assistive listening system (ALS): Headsets available for those with hearing disabilities; headsets receive audio played through the speakers; must be charged and powered.

Seating Options:
Default Theatre Seating: 96 (49 on North Side and 47 on south side)

Expanded: 144 (additional 20 on north side and 28 on south side)
Third Floor Levis Faculty Center Setups and Capacities
